

## COLLABORATION FOR SHARED LAND ECOSYSTEMS

UPM, through SISFEC, collaborates actively with government agencies, corporate partners, NGOs, and local communities to conserve and restore the Ayer Hitam Forest Reserve as a shared land ecosystem.

Key collaborations include joint forest management with the Selangor State Forestry Department and community-based restoration projects with Bank Islam Malaysia Berhad, Public Bank Berhad, and Tenaga Nasional Berhad. These initiatives integrate environmental education, tree planting, biodiversity monitoring, and pollinator conservation, supporting the long-term sustainability of shared land ecosystems and aligning with SDG 15

Bil	Tarikh	Aktiviti	Fakulti/ Agensi	Bil. Peserta
